BERNINA⁺

Overlocking with instant success

Whether you are sewing soft furnishings for your home or clothes, this overlocker will make all your projects successful. The bernette 610D includes a range of convincing features that make it easy to use and the very attractive price makes it especially suitable for beginners. The swing-away free-arm front makes threading a cinch. Stitch length, thread tension and differential feed can be easily adjusted. Colour-coded markings help you to find your way.

The bernette 610D overlocker – instant success with your projects!

BERNINA⁺

Beautiful rolled hems
The bernette 610D allows for extra-fine adjusting of your rolled hems.

Adjustable length of edge-wrapping thread
Thanks to exchangeable overlock stitch fingers the thread amount of the edge-wrapping thread can be adjusted. Slack threads are history.

Smooth sewing of heavy fabrics
bernette 610D's extra-powerful 120 watt motor can even cope with heavy fabrics (e.g. denim) without any difficulty.

2-, 3- and 4-thread seams
bernette 610D provides all seam types of professional standard – from 2-thread flatlock stitch for joining and hemming stretch materials up to the 4-thread overlock stitch for neatening edges. No more frayed edges and puckered seams!

Clearly arranged control panel
This control panel is simple to use; the colour-coded markings make adjusting thread tension comfortable.

Extra long thread-spool pins
The extra long thread-spool pins can accommodate large 1000-m thread cones, enabling neat and reliable thread supply.

Integrated edge guide
The integrated fabric edge guide of the bernette 610D allows you to accurately guide the fabric to create extra beautiful seams. The guide can be removed in one simple move.

Differential feed
Stepless differential feed ensures pucker-free seams and allows deliberate gathering if required.

Convenient seam-width adjustment
Quick and easy setting of the seam width using the separate dial on the left side of the machine.

Easy threading
The swing-out free-arm front of the bernette 610D provides easy access to the threading paths. Colour-coded marking makes threading even easier.

Waste collector
Simply fit the provided waste collector onto the looper cover. This will keep your working area neat and tidy.

Accessories in the looper cover
A wide range of accessories comes with the bernette 610D. The most commonly used accessories are stored in the looper cover. This means they are always ready-to-hand.

Special accessories
A comprehensive range of accessories is available for the 610D.
